What to do if your pet has been poisoned

Our poison specialists are not trained to manage poisonings in animals. For the best advice, please contact **your veterinarian** or call a phone hotline to help with animal poisonings like the **ASPCA Animal Poison Control Center (1-888-426-4435)** or the **Pet Poison Helpline (1-855-764-7661)**.

A screenshot of the ASPCA Animal Poison Control website. At the top is the ASPCA logo and navigation links: 'Our Work', 'Local Services', and 'How You Can Help'. Below this is a 'PET CARE' section with the heading 'Animal Poison Control'. Two buttons, 'POISON CONTROL' and 'LATEST NEWS', are visible. A text line states 'ASPCA Animal Poison Control Center Phone Number: (888) 426-4435'. A secondary navigation bar includes 'PET POISON HELPLINE' and links for 'Poison List', 'Owners', 'Vets', 'Toxin Toils', 'Toxin Trends', 'Blog', and 'Care'. The main banner features a close-up of a black dog's face and the text: '24/7 ANIMAL POISON CONTROL CENTER', 'Expert help is a call away', and '(855) 764-7661'. A small note at the bottom left of the banner says '\$75 incident fee applies'.
